

**CIPQUIM**

**COMERCIALIZADORA  
E IMPORTADORA  
DE PRODUCTOS  
QUÍMICOS, S.A. DE C.V.**

Proveedor de Anticuerpos e Insumos de Alta Tecnología; para Investigación Científica en General, con servicio personalizado de Excelencia, enfocada a dar una solución integral a sus necesidades.

# Comercializadora e Importadora de Productos Químicos S.A. de C.V.

Proveedora de Insumos Nacionales e Importados para  
la Industria Farmacéutica, Química, Cosmética, Alimenticia  
y Hospitalaria.

**CIPQUIM**, como siempre preocupándose por traer productos de alta calidad para investigación, ha preparado un directorio exclusivo para Usuarios e Investigadores, en donde podrá encontrar toda una gama de productos para diferentes áreas.

## Estas son algunas referencias de los productos para diferentes áreas de Investigación.

- Productos para determinar y evaluar las diferentes alteraciones celulares que se presentan en la apoptosis.
- Fluoróforos libres o conjugados para aplicaciones en áreas como biología celular, microbiología, biología molecular y genómica.
- Todo tipo de materiales para laboratorio, plásticos para cultivo celular y de tejidos, biología molecular, inmunología y almacenamiento.
- Productos para señalización celular, Anticuerpos monoclonales y policlonales, kits, conjugados, enzimas puras, péptidos inmunizantes, sustratos y cDNA para una gran variedad de receptores, fosfatasa y proteínas.
- Sistemas de purificación de ácidos nucleicos.
- Anticuerpos para neurobiología, regulación de transcripción, transporte iónico.
- Anticuerpos y reactivos para histoquímica.
- Anticuerpos primarios y secundarios para casi todas las áreas de investigación.
- Anticuerpos HPV, conjugados y kits de Elisa.
- Kits y anticuerpos para biología celular, apoptosis y ciclo celular.
- Anticuerpos, Proteínas Recombinantes y Naturales, Kits para Detección y Cuantificación por Elisa.

Nuestro grupo de trabajo en ventas esta integrado por personal calificado para cubrir las necesidades de cada uno de nuestros clientes.

**CIPQUIM** aspira a ser la mejor opción en México para la adquisición de insumos químicos y de laboratorio para la investigación, que satisfagan con calidad las necesidades de cada cliente en la industria Farmacéutica, Laboratorio e Investigación.

La calidad y servicio con un tiempo de entrega de acuerdo a sus necesidades y un surtido de miles de productos con nuestros proveedores, se conserva apoyándonos en personal calificado, equipo e instalaciones adecuadas para darle el mejor servicio que usted se merece.

## ¿QUIÉN ES CELL BIOLOGICS?

Cell Biologics es un fabricante líder de células primarias cultivadas y productos de cultivo celular. Proporcionan una amplia gama de células primarias humanas y animales de alta calidad, incluidas células endoteliales, epiteliales, tumorales y madre, junto con medios de cultivo celular optimizados y otros productos relacionados.
