

Infitek

Laboratory and Medical equipment one-stop solution provider

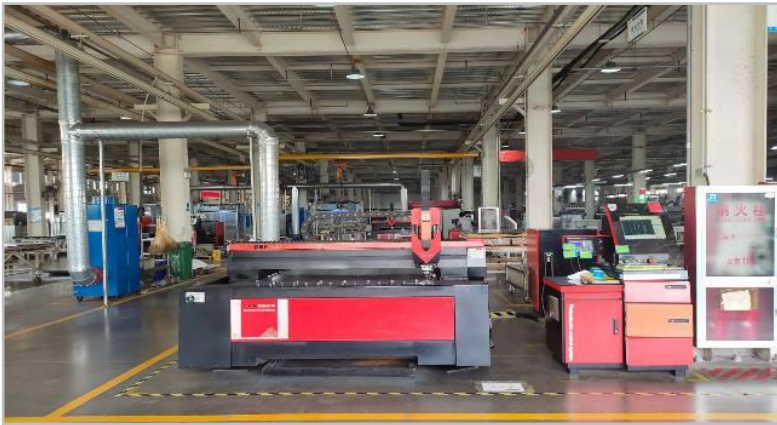

VERSION.2024

INTRODUCTION

Founded in 2010, Infitek is headquartered in Shenzhen, China. With the mission of making laboratories smarter, more accurate, safer and more convenient, Infitek is committed to creating infinite possibilities for the sustainable development of the world, providing customers with high-quality products and services, and contributing to the continuous improvement of the quality of life and the simplicity and efficiency of scientific experiments.

WORKSHOP

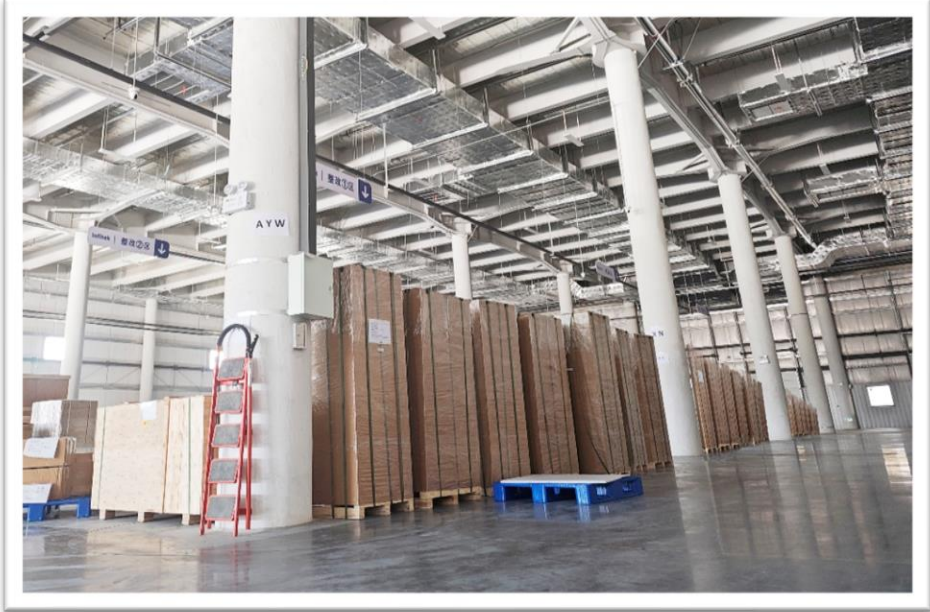

Infitek

As a manufacturer of professional scientific instruments, With 18 factories, The company will continue to be committed to providing innovative scientific instruments and solutions to global scientific research institutions, laboratories and industrial enterprises, and building a comprehensive service platform for scientific instruments and medical devices integrating R&D, production, sales and service.

WAREHOUSE

Infitek

BUSINESS LAYOUT

Shenzhen Office

Rm. 2115, Tianlong Mobile Building, No. 33, Xilixiang Road, Nanshan District, Shenzhen, Guangdong.

Shanghai Office

Room L195, 3rd Floor, Building 1, 1887 Chenqiao Road, Fengxian District, Shanghai.

US Office

522W RIVERSIDE AVE STE N, SPOKANE, WA 99201.

Jinan Office

Rm. 2014, Bldg. 3, LigaoguojiHuayuan, No. 1222, West Aoti Road, Lixia District, Jinan, Shandong.

Benefiting from the cooperative relations with local distributors and service providers, Infitek has built a global distribution and service network that stretches across nearly 160 countries and areas.

Infitek has established R&D centers in Shenzhen, Shanghai and Jinan, and has developed collaboration with established in-depth cooperation with hundreds of well-known universities and scientific research institutions at home and abroad.

PRODUCTS

THE PRIMARY PRODUCT LINES

Infitek

LAB

Cryopreservation Solution
Oven & Muffle Furnace & Incubator
Basic Lab Instrument
Disinfection & Sterilization Solution
Air Protection Solution
Environmental Testing Solution
Microbiology & Molecular Testing Solution

Blood Bank
Optical & Chromatographic Analysis Solution
Synthetic Purification Filtration Solution
Food & Pharmaceutical Testing Solution
Physical Property Testing Solution
Agricultural Lab Solution
Lab Furniture And Others

MED

Diagnostic Department
Emergency Department
Pathology Department

Operating Room
Blood Bank

Infitek's products and services range from life sciences, chemical analysis, optical analysis, water quality testing and environmental monitoring, etc.

Infitek will continue to increase investment in scientific researches, deepen cooperation with business partners, provide customers with better products and services, meet the needs of global customers, and realize "one-stop shop" business.

TEAM

The company has more than 30 professional teams, adhering to the core values of "customer-centered, growing together with partners", working with customers for win-win and mutual benefits, and sincere cooperation to meet the localization needs of different customers around the world.

AFTER-SALES TEAM

Infitek

Frank

Senior after-sales

Engineer with many years of industry after-sales experience, rich professional knowledge and practical experience, focusing on fields such as IVD, pathological examination, electrophoresis and molecular biology, etc;
At the same time, he also has rich long-term overseas stationing experience, with footprints all over Asia, Africa, Oceania and other places. He has won widespread praise from customers for his superb technology and excellent problem-solving skills.

Austin

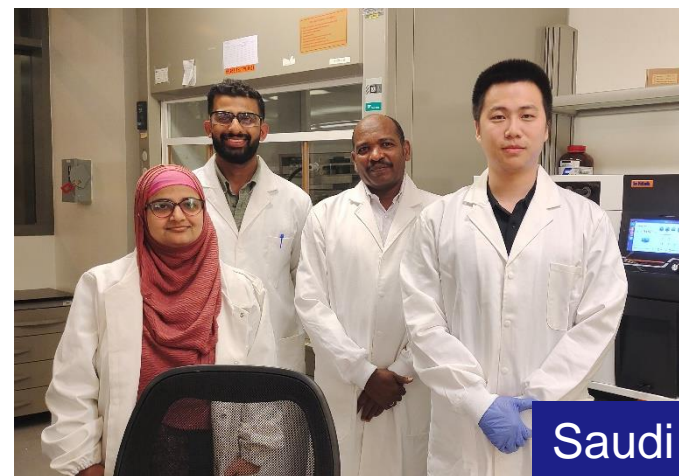

Laboratory equipment after-sales

Engineer with 2 years of overseas study experience, focusing on technical support for inspection instruments and scientific laboratories in many industries. He has participated in after-sales work for laboratory equipment in many hospitals and scientific research universities at home and abroad.
He provides customers with excellent aftersales support based on professional knowledge, extensive experience and good customer service.

CORPORATE CULTURE

CORPORATE CULTURE

Mission

To make the laboratory smarter, more accurate, safer and more convenient.

Vision

Within 10 years, we will make our contribution to the improvement of the intelligence, accuracy, safety and convenience of 180 national laboratories, establish a relatively complete value creation network in more than 50 countries, support partners in more than 20 countries to build localized factories, and initially set up a global service platform and a transnational technology investment platform in the industry.

Values

Customer-centred, growing together with partners.
Embrace change.

Equality and trust.
Simplicity and integrity.
Passion and responsibility.

SOCIAL RESPONSIBILITY

Infitek

Regularly organize volunteer activities at nursing homes every month.

At the beginning of Novel Coronavirus(COVID-19), Infitek made every effort to donate 500 protective suits to the Fourth People's Hospital of Jinan.

Donate and build a school for the deaf and mute.
